

# New Jersey State Employment and Training Commission

---

Dennis M. Bone, *Chairman*

Chris Christie, *Governor*

**POLICY RESOLUTION: SETC #2016-04**

**SUBJECT:** Local Area Funding Formula Allocations

**Background and Purpose:**

Under WIA, the funds were allocated using the federal formulae provided by USDOL-ETA. The Workforce Innovation and Opportunity Act (WIOA) maintains the same basic categories of funding and provides some additional flexibility for states to set priorities for local area allocations.

New Jersey will distribute WIOA Title I funds to local Workforce Development Areas based on the following formulae. These formulae are designed to ensure that funds are allocated based on the best estimates of the number of individuals in need of services, and reflective of the priorities identified in the *New Jersey Blueprint for Talent Development*. The formulae incorporate the federal required elements. The formulae also use data sources that are reliable, available at the county and city level and updated on a regular basis. The “hold harmless” provisions under WIOA will apply to these funding allocations.

**RESOLUTION:**

**The State Employment and Training Commission hereby resolves that the New Jersey will use the following formulae for distribution of WIOA Title I funds to local Workforce Development Areas. This policy takes effect beginning with Program Year 2016, as of July 1, 2016, and will be included in the New Jersey Combined State Plan.**

**Commission Approved: January 19, 2016**

**Update Approved by Commission - June 5, 2016: This policy has been replaced by language detailing New Jersey’s intent to use the standard funding formula allocations, in accordance with TEGL #27-16, as outlined in the NJ Combined State Plan for WIOA, 2018 Modification (Section III. b. 5. A.).**
